

LIFECOMFORT® ACUTE CARE

The **LIFECOMFORT® ACUTE CARE** mattress has three foam layers including a castellated patient surface providing users with immersive, pressure relieving support and air flow for enhanced skin microclimate. The U-shaped base and sidewall structure provides support to assist with patient transfers as well as creates roll resistance at the sleep surface edges.

- 1. Ultra-soft Heel Protection Zone** improves pressure relief for vulnerable points. By gently tapering the heel area, pressure is redistributed effectively onto the less vulnerable calf area.
- 2. Castellated Surface** collapses in a wave-like movement reducing shear.

FOAM LAYERS

- 
IMMERSIVE CASTELLATED SURFACE
 Castellated cells offer greater airflow and transitional support
- 
COMFORT LAYER
 Visco-elastic comfort and envelopment
- 
SAFETY & SUPPORT BASE
 Strong U-shaped base for maximum durability and assistive support
- 
INTEGRATED SIDE WALLS
 Strong rigid side layers for transfer efficiency and safety

APPLICATIONS:

- Hospital
- Aged Care
- Home Care
- Palliative Care

EFFECTIVE WEIGHT RANGE: 30-250KG

- BEM046615** **Single**
 1980 x 880 x 150mm
- BEM046616** **King Single**
 2030 x 1050 x 150mm
