C380 Bariatric Ceiling Hoist

Bariatric clients often exceed a hoist's safe working load and this can create an unsafe working environment. In cases where a client's weight, size or medical condition requires precise control when transferring or re-positioning, the Prism C380 Bariatric Ceiling Track Hoist provides a safe and reliable solution.

The C380 is specifically designed to lift clients that exceed a standard hoist's maximum weight capacity. As the strongest Ceiling Track Hoist in its class, the C380 safely transfers bariatric clients with respect and dignity.
