PRODUCTS.**

01

PERFORMANCE

Engineered from ultra-lightweight carbon fibre and precision-machined aircraft grade aluminum, SideStix™ are built with your comfort and performance in mind. Resulting in less energy needed to walk, work and enjoy by emulating your body's natural movements.

Whether it's getting around, walking your dog, hitting the backcountry, or competing in your favourite sporting activity, SideStix™ will enable you to move faster, go farther, and push harder with less effort and fatigue.

02

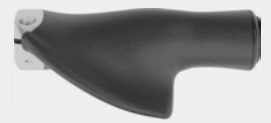

INNOVATION

Backed by cutting edge R&D, extensive field testing and user feedback, SideStix™ are the first stand only performance enhancing mobility devices that feature a number of innovations to prevent the fatigue and injury associated with long-term use from conventional forearm crutches.

Scientifically engineered to protect your joints while minimizing stress to your hands, wrists and shoulders, SideStix™ ergonomic design, precision geometry and patent-pending features have made them the industry leader in adaptive mobility devices.

Shock Absorbing System
Our patent pending SideStix™ Shock Absorbing System has been scientifically designed to reduce joint compression and provides energy in return. Resulting in less pain, less fatigue and more energy when walking or enjoying your favourite activities.

SideStix FinGrips™
These patented, shock absorbing grips provide unprecedented protection and comfort directly under the hands – where it's needed the most. Based on research and user input, the FinGrips™ are orthotics for your hands!

**THE ULTIMATE
ADAPTIVE DEVICE
FOR PEOPLE WHO
REFUSE TO ACCEPT
LIMITATIONS ON
WHAT THEY
ENJOY DOING.**

03

CUSTOMIZATION

SideStix™ are designed to fit your life by allowing you to tailor them to your exact needs. Choose from ultra light weight carbon fibre or aluminum tubes, different cuffs, tyres and a wide variety of accessories to create the ultimate adaptive device for your next adventure.

Choose from three models and seven colours. There's BOUNLESS with our patent pending SideStix™ Shock Absorbing System, DISCOVERY the lightest SideStix™ we've ever built, and EXPLORER the perfect entry-level model that can be upgraded and customized however and whenever you like.

***WE BELIEVE IN THE LIMITLESS POSSIBILITIES
OF WHAT CAN BE. THAT GREATNESS IS FOUND WITHIN.
AND FREEDOM IS JUST A STEP AWAY. KNOWING THAT
WITH EVERY NEW CHALLENGE WE ACCEPT, AND EVERY
NEW PATH WE EMBARK UPON, THE EXTRAORDINARY IS
WAITING TO BE DISCOVERED. BECAUSE WE REFUSE
TO BE DEFINED BY THE PERCEPTIONS OF OTHERS.
BUT BY THE VICTORIES WE ACHIEVE EVERYDAY.
DEFY CONVENTION.***
